12:15 Lunch

13:15 E-learning program for medical coding

Leena Kiviluoto, Norway

4 TH NORDIC CASEMIX CONFERENCE

FUTURE DEMANDS OF NORDDRG COOPERATION

PANEL DISCUSSION

CHAIR JUGNA SHAH

WHY, WHAT, WHEN? HOW?

Estonia - Triin Habicht

Denmark - Poul Erik Hansen

Finland - [Mikko Rotonen](#)

Iceland - Helga Bjarnadottir

Norway – Asbjorn Haugspo

Sweden – Mats Karlsson

MAIN THEMES

Are DRGs interesting for clinical purposes, eg for professionals?

Which are the crucial development issues for DRGs to remain as a common used tool in hospitals?

What are the responsibility of owners of classifications and DRG-systems in relation to the users? For example in cases of fraud and abuse of the coding for reimbursement purposes?

DRG-systems functionality in relation to the boarders in health care, ex outpatients, primary care, day-care and inpatient care. Is it correct to take this in to account or should DRGs always follow the patient?

4 TH NORDIC CASEMIX CONFERENCE

ENDING SESSION

CHAIR MARTTI VIRTANEN

Thank you for participating in 4th Nordic Casemix Conference

Wellcome to

- 26th PCSI Conference
15 – 18 September 2010, Munich, Germany
- 5th Nordic Casemix Conference
May 2012, Oslo, Norway
