13:45 Break				
13:50 Future demands of DRG	Productivity benchmarking between Nordic countries Jon Magnussen, Norway		
14:40 Panel	Future demands of NordDRG cooperation Chair Jugna Shah	WHY, WHAT, WHEN? HOW? <i>Estonia - Triin Habicht</i> <i>Denmark - Poul Erik Hansen</i> <i>Finland - Mikko Rotonen</i> <i>Iceland - Helga Bjarnadottir</i> <i>Norway - Leena Kiviluoto</i> <i>Sweden - Ralph Dahlgren</i> MAIN THEMES <i>Are DRGs interesting for clinical purposes, eg for professionals?</i> <i>Which are the crucial development issues for DRGs to remain as a common used tool in hospitals?</i> <i>What are the responsibility of owners of classifications and DRG-systems in relation to the users? For example in cases of fraud and abuse of the coding for reimbursement purposes?</i> <i>DRG-systems functionality in relation to the boarders in health care, ex outpatients, primary care, day-care and inpatient care. Is it correct to take this in to account or should DRGs always follow the patient?</i>		
15:40	Ending session Chair Martti Virtanen	Closing of 4th Nordic Casemix Conference		
15:55 End of programme
